THE CARDIGAN AND TIVY-S.

CARDIGAN TOWN COUNCIL

The ordinary and monthly meuse Corporation was held in the Council Chamber on Monday last, the 26th instant, and present beside the Mayor (Mr. O. Beynon Evans and Lewis B. Ellis), were Councillors J. O. Roberts, Edward Matthews, John Jenkins, W. J. Williams, and Dr. (solicitor).

The minutes of the last meeting, concluding during the month, read.

Mr. W. J. Williams said before he signed he would like to call at resolutions before meeting the district rate in two instalments, of relieving the ratepayers.

As some ratepayer had attended a committee meeting, the alteration would give him extra trouble which would not benefit the ratepayers. If that resolution was irregular, no action having been given of it, and he passed that it be sent to the Law Officers.

Alderbaron O. Beynon Evans said it should have arisen at the time; carried it must remain.

Mr. Roberts said it was given out as a suggestion, so as not to be done.

The Mayor being of the same opinion then were signed.

Mr. David C. Arnold, called attention solution passed at the last meeting to the Sanitary Authority to provide an hospital jointly with the Cardigan Council, and it was asked what had been taken by the Sanitary Authority.

The Town Clerk replied that no had been made to him upon the matter and there was no reason why they had not sent the resolution of the District to the Sanitary Authority, and that himself was present at the meeting, could have informed their clerk, what had taken place.

Alderbaron O. Beynon Evans — Mr. brought the matter forward at the last as a number of the corporations had no right to do so.

Mr. Davies — No, as Clerk to the Council.

Alderbaron O. Beynon Evans — Then there was no business to do this.

The Mayor must rule Mr. Davies or the present stage of the business could bring the matter forward further.

The Surveyor reported that all the business of the council at the last monthly meeting had been carried out, with the exception of the signing of the resolutions. In response to the continued dry weather the streets were rather unsatisfactory, but was advantageous to the loose stones collected, and wanted that the defective road leading from Cardigan to Bonwas very bad, but it would be useless off the roads, because when the wind again got up, it would become as serious as in its present state, and water pipe from the Bridge to Tynawen examined, several important leakages in the main and service pipes, which had been reported, and railings at the Netpol had been painted and painted, but the roads had a drainage during the month.

The stones had arrived, and he would ascertain the instructions of the council, from the council, to the Pet-oil of Green - portion of the bowling green, to the scales had become much used and required relaying with drainpipes.

It was intended to clear the brook during the week.

Alderbaron O. Beynon Evans had also attended on the sea's at the Netpol had been.
