What use would you suggest the trust assets (being the property at Uplands Square and any cash held on account) be put towards in the future to achieve the new purpose proposed in question 1 above?
1	Yes		Adult education. As there's no longer a centre for adult education in Aberaeron, so there is no adult education base mid county and for the immediate benefits of the inhabitants of New Quay.
2	Yes		A museum. The current one is very well located near the harbourmasters office but it is very small. A new museum or exhibition space/archive could be run by volunteers and be a site where history exhibitions and the like could be shown where the current museum just doesn't have that room enough. It could attract donated items such as local photography and other objects that local people could donate to. These could be curated by Peoples Collection Wales. I'm sure there's loads of maritime history locally that could be used.
3	Yes		Perhaps an expressive arts space (art, music, performance, media). For example: I like the way that the Guildhall in Cardigan is used, with various 'pop-up' arts events happening throughout the year. It's a good way to create opportunities for local artists to showcase and talk about their work, and maintains interest because it is not static. There are currently no such spaces in New Quay. There is also plenty of documented research which demonstrates that the expressive arts promote good mental health and well-being, and are therefore valuable within community settings.

4	No	Should be a place where the young people can rest and relax.	Buy some board games and snooker pool some chairs and tables to provided chill atmosphere for under 18.
5	Yes		Creu amgueddfa ar hanes a datblygiad Cei Newydd.
6	Yes		Create a bookable hot desking/workspace with WiFi for residents of new quay of all ages.
7	Yes		Buy resorces
8	Yes		Delivery of courses perhaps on local history, first aid, defibrillator operation, care of wildlife, recycling The site of the property would be a good place for a much needed car park
9	No	For the enhancement of health and well-being of the residents of New Quay by creating a community garden for New Quay Primary School and residents to use. I would love to lead such a project in New Quay - involving the local teenagers in designing and developing the space.	To found the development of the site
10	Yes		A museum showcasing the history of New Quay. Photographs, historical items on display & old films etc. it could also double as a meeting space for local groups.

11	No	Considering the state of the building inside /outside, no water, no toilet, cracks in the floor. I thi k it should be knocked down and used a communal picnic area or rebuilt larger where maybe NQ Museum could move here.	Be handed to. NQTC 2 redevelop of picnic area.
12	Yes		Addasu a chynnal adeilad i ddarparu'r gwasanaeth i drigolion Casnewydd, prynu adnoddau a gwasanaethau addas a chyflogi unigolion cymwys i gynnal a datblygu'r gwaith.
13	Yes		Community garden. Link with New Quay school. Community offer sessions in gardening, pickling, preserving food, local foraging.
14	No	It should become, a tourist and town and historic information centre. With showering facilities in the back, ideal for those tourists returning back to their cars.	Invest towards question 2
15	No	Something fun for children of Ceredigion to do	

16	Yes		<p>I think that it should be used as an education skills centre for secondary students. I work at Aberaeron Secondary school and opportunities for work experience for students is virtually non-existent. I would have students decorating and doing general maintenance jobs and make it into a book coffee shop where students can learn retail, catering, barrista, accounting and maintenance skills. If there was room for parking we could do a car wash and get students working and learning real life skills. It would work for so many students. I work in a life skills unit and so many students thrive in practical learning. Students could get work qualifications in Food Hygiene, Health and Safety, First Aid (I am a First Aid Instructor and I know from personal experience how much students gain in confidence from being on my courses). Any profit could be put into school funding or local charities. Students could run primary school Healthy Eating events, make fruit platters that appeal to younger students. This would be amazing to get students ambitious and confident in the workplace. It could be made to be totally inclusive to all students of any ability.</p>
17	Yes		Community hub reading writing computers
18	Yes		Delivery of Welsh lessons
19	Yes		<p>The creation of a hotdesking facility that can be hired by individuals on an hourly, daily, weekly, monthly basis. Leeds facilities can also be used for computer literacy courses, additional SEN sessions, community groups etc.</p>

20	Yes		The unit should be turned in to a "hot seat office" where by people working from home that want to get away from the house can do so at a cost through an app. All profits can then go back into the New Quay town council to fund additional projects and ideas in the town.
21	No	youth center / drop in center for children / teens	youth center / drop in
22	Yes		Youth center
23	No	A day centre for the elderly in the community and surrounding area	
24	Yes		Ideal for a "Men's Shed"..... unique and positive place to share, talk and create together, perhaps to revitalise key skills making old into new working items and learning new skills too... workable instruments and making good results for reusable day to day tools that may have been disguardd. Lots of Sheds in UK making a positive difference to Men's Mental Health. Guys, you could be a huge part of just making your skills work, and work with people with similar skills 👍 No harm in trying, like minded people, fixing and making a difference 😊..... your thing!!!!
25	Yes		Cooperative gallery and artists studio
26	No		

27	No	Social connection for the inhabitants of New Quay and nearby villages	Creation of a social space for resitting meet informally, local trades and small businesses can engage and promote as well as community groups for all generations to meet
28	Yes		Alcohol free Youth Club
29 (paper response)	"Not properly phrased where are D/K etc"		
30 (paper reponse)	No	New Quay is in dire need of a tourist information centre. This would be an ideal location, or an internet café (community led), or social housing	The area outside could be landscaped with tubs of flowers and benches for pepole to sit on
31 (paper response)			Tourist office
32 (paper response)	Yes		Tourist information centre - much needed
