

Original Output Indicator	Updated Output Indicator for Reporting	Unit of Measurement	Definition	Notes	Suggested Evidence Requirements
Amount of commercial buildings developed or improved (m2)	Amount of commercial space completed or improved	Square metres (M2)	<p>The total square meterage of new commercial floorspace completed or improved. Commercial space includes, but is not limited to: retail, hospitality, office and industrial space.</p> <ul style="list-style-type: none"> - A retail space means a fixed location for the display or retail sale of goods or services. Examples include, but are not limited to: supermarkets, shops selling clothing, electronics, furniture, books, etc. - A hospitality space means a space whose primary purpose is for accommodation or food service. Examples include, but are not limited to: restaurants, cafes, pubs, bars, catering, hotels, campsites and other accommodation. - Office space means a fixed location where the primary activities are concerned with financial services, professional services (other than health or medical services), or any other appropriate services in a commercial, business or service locality. - Industrial space means space used for industrial processes, storage or distribution. - Other commercial space means non-public or community spaces that do not fall into the categories above. - Completed means physical completion of the facilities and space is ready for occupancy immediately. A building should be classified as complete once it is on the non-domestic rating list. - Improvement means adding, renovating or repairing facilities with the aim of creating a better space. It does not include maintenance of existing facilities. 	Places should maintain an understanding of the individual contribution of different types of space (retail, hospitality, etc.) as well as 'completed' vs. 'improved' space where relevant, so that the indicator can be disaggregated if required.	<p>Project data that will evidence the total square meterage of commercial space completed or improved -</p> <ul style="list-style-type: none"> • Certificate of practical completion of the works.e.g. QS certification of works carried out • Photographs before and after completion of the scheme
Amount of green or blue space created or improved (m2)	Amount of green or blue space created or improved	Square metres (M2)	<p>The total square meterage of green or blue space completed or improved.</p> <ul style="list-style-type: none"> - Green or blue space means any vegetated land, or water, within an urban area or public space. This includes: parks, public gardens, playing fields, children's play areas, woods and other natural areas, grassed areas, cemeteries, allotments, as well as green corridors like paths. It does not include paved spaces between or around buildings; for this, see indicators relating to "public realm". - Created means physical creation of a green or blue space that did not exist previously and the space is open to the public. - Improved means adding, renovating or repairing facilities and landscaping. It does not include maintenance of existing greenspace, such as grass cutting, pruning, and cleaning. 	Places should maintain an understanding of the individual contribution of 'space created' vs. 'space improved' where relevant, so that the indicator can be disaggregated if required.	<p>Project data that will evidence the total square meterage of green or blue space created or improved -</p> <ul style="list-style-type: none"> • Scheme drawings • Detailed works specification • Photographs before and after completion of the scheme
Amount of land made wheelchair accessible/step free (m2)	Amount of land made wheelchair accessible/step-free	Square metres (M2)	<p>The total square meterage of public space made wheelchair accessible/step free as part of UKSPF interventions.</p> <ul style="list-style-type: none"> - Wheelchair accessible/step-free means land having facilities required for wheelchair users to be able to navigate without the use of stairs or escalators. These include, but are not limited to: provision of dropped kerbs, ramps lifts, etc. 	NA	<p>Project data that will evidence the total square meterage of land made wheelchair accessible/step-free</p> <ul style="list-style-type: none"> • Scheme drawings • Detailed works specification • Photographs before and after completion of the scheme
Amount of new or improved cycleways or paths (m2)	Total length of new or improved cycle ways or foot paths	KM	<p>The km of new or improved cycle ways or foot paths completed.</p> <ul style="list-style-type: none"> - New means a cycle way or foot path has been built where it previously did not exist. Constructing cycle ways on existing roads counts as a new cycle ways. - Improved means the capacity or quality of the cycle way or foot path (including beautification and illumination) was improved. This excludes routine maintenance of cycle ways or foot paths. - Completed means the cycle way or foot path is fully operational and open to the public, and all planned improvements have been fully implemented and operationalised. 	<p>Places should maintain an understanding of the individual contribution of 'new' vs. 'improved' and 'cycle ways' vs 'foot paths' where relevant, so that the indicator can be disaggregated if required.</p> <p>Note: the unit of measurement for this output will be changed to Km going forward</p>	<p>Project data that will evidence the km of total length of new or improved cycle ways or foot paths</p> <ul style="list-style-type: none"> • Scheme drawings • Detailed works specification • Photographs before and after completion of the scheme
Number of new or improved cycleways or paths (numerical value)	Number of new or improved cycle ways or foot paths	Number of cycle ways or foot paths	<p>The number of new or improved cycle ways or foot paths completed.</p> <ul style="list-style-type: none"> - New means the cycle way or foot path has been built where it previously did not exist. Constructing cycle ways on existing roads counts as a new cycle ways. - Improved means the capacity or quality of the cycle way or foot path (including beautification and illumination) was improved. Places should maintain an understanding of the individual contribution of 'new' vs. 'improved' and 'cycle ways' vs 'foot paths' where relevant, so that the indicator can be disaggregated if required.	<p>Project data that will evidence the number of new or improved cycle ways or foot paths</p> <ul style="list-style-type: none"> • Scheme drawings • Detailed works specification • Photographs before and after completion of the scheme

Original Output Indicator	Updated Output Indicator for Reporting	Unit of Measurement	Definition	Notes	Suggested Evidence Requirements
Amount of public realm created or improved (m2)	Amount of public realm created or improved	Square metres (M2)	The total square meterage of public realm that is created or improved. - Public realm means the spaces between and around buildings that are publicly accessible, including squares, courtyards and streets. - Created means new public realm, 'improved' means adding, renovating or repairing facilities with the aim of creating better public space. It does not include maintenance of existing facilities. - Improved means adding, renovating or repairing facilities with the aim of creating better public space. It does not include maintenance of existing facilities. - This indicator should not include parks and green/blue space, for which there is a distinct and separate indicator.	Places should maintain an understanding of the individual contribution of 'realm improved' vs. 'realm created' where relevant, so that the indicator can be disaggregated if required.	Project data that will evidence the total square meterage of public realm created or improved • Scheme drawings • Detailed works specification • Photographs before and after completion of the scheme
Number of rehabilitated premises (numerical value)	Number of rehabilitated premises	Number of premises	The number of premises that have been rehabilitated. - Premises means a building together with its land and outbuildings that have become damaged by industrial or other development and is beyond beneficial use without treatment. - Rehabilitated means remediated to a point of beneficial use.	NA	Project data that will evidence the number of rehabilitated premises • Certificate of practical completion of the works.e.g. QS certification of works carried out. • Photographs before and after completion of the scheme
Amount of rehabilitated land (m2)	Amount of rehabilitated land	Square metres (M2)	The total square meterage of derelict land that has been rehabilitated. - Derelict land means land that has become damaged by industrial or other development and is beyond beneficial use without treatment. - Rehabilitated means remediated to a point of beneficial use.	NA	Project data that will evidence the total square meterage of rehabilitated land • Scheme drawings • Detailed works specification • Photographs before and after completion of the scheme
Number of facilities supported/created (numerical value)	Number of amenities/facilities created or improved	Number of amenities or facilities	The number of new amenities/facilities created or improved. - Amenity/facility means any service contained within a physical structure, including, but not limited to, magistrates courts, police stations, town halls, sports facilities, hospitals and public toilets. - Created means the amenity/facility did not previously exist. - 'Improved' means adding, renovating or repairing facilities with the aim of creating better public space. It does not include maintenance of existing facilities. If amenities/facilities are counted as being improved or created in another output indicator (e.g. number of cultural assets supported/created) they should not be counted through this indicator as well. The Local Authority should select where they feel it would best fit with the definition.	Places should maintain an understanding of the individual contribution of amenities/facilities 'improved' vs. 'created' where relevant, so that the indicator can be disaggregated if required.	Project data that will evidence the number of amenities/facilities created or improved - • Certificate of practical completion of the works.e.g. QS certification of works carried out. • Photographs before and after completion of the scheme
Number of feasibility studies supported (numerical value)	Number of feasibility studies developed as a result of support	Number of studies	An organisation as a result of support produces a feasibility study in relation to the investment priorities of the UKSPF. Funding for projects does not need to be sourced from UKSPF to be eligible.	NA	Project data that will evidence the number feasibility studies developed as a result of support - • A copy of the feasibility study.
Number of households receiving support (numerical value)	Number of households receiving support	Number of households	Number of households receiving support to reduce the cost of living. - A 'household', as defined in the 2011 Census is: 'one person living alone; or a group of people (not necessarily related) living at the same address who share cooking facilities and share a living room or sitting room or dining area', includes houses, bungalows, flats, and maisonettes. - Support is provision that helps reduce the burden of the cost of living.	NA	Project data that will evidence the number of households receiving support • Addresses of the properties that have received support • Evidence of support provided.
Number of households supported to take up energy efficiency measures (numerical value)	Number of households supported to take up energy efficiency measures	Number of households	Number of households that have received support to take up energy efficiency measures. - A 'household' as defined in the 2011 Census is: 'one person living alone; or a group of people (not necessarily related) living at the same address who share cooking facilities and share a living room or sitting room or dining area', includes houses, bungalows, flats, and maisonettes. - Energy efficiency means any measures which could improve a household Energy Performance Certificate rating. It is not required to shift the letter rating, only to make progress towards this.	NA	Project data that will evidence the number of households supported to take up energy efficiency measures • Addresses of the properties that have received support • Evidence of energy efficiency measures carried out. • An Energy Performance Certificate (EPC) assessment and a copy of the final EPC.

Original Output Indicator	Updated Output Indicator for Reporting	Unit of Measurement	Definition	Notes	Suggested Evidence Requirements
Number of local events or activities supported (numerical value)	Number of local events or activities supported	Number of events/activities	Number of local events or activities supported. An event refers to planned activities. These should fall into the below categories: - Those related to: (1) Film, TV, Music, Radio (2) Heritage (3) Arts, Museums and Libraries. - Other activities and events include, for example but not limited to, sports, volunteering, tourism and social action.	NA	Project data that will evidence number of local events or activities supported • Detail of local events or activities supported Examples of evidence can include - • Event programmes • Marketing materials • Literature • Website / social media • Photographs of events
Number of neighbourhood improvements undertaken (numerical value)	Number of neighbourhood improvements undertaken	Number of improvements	Number of neighbourhood improvements undertaken. Neighbourhood improvements mean: - Improvements to existing, community and neighbourhood infrastructure projects. - Improvements to local green spaces, community gardens, watercourses and embankments, along with incorporating natural features into wider public spaces, e.g. improvements to a canal towpath, improving access to existing parks. - Improvements to the design and management of the built and landscaped environment to 'design out crime', e.g. improvements to streetlighting and installation of new CCTV. - Other improvements to active travel infrastructure. If an output is already recorded through another indicator using the same unit of measurement it should not be counted here as well. For example, the number of footpaths improved should not also be recorded here. However, it is fine to count the number of improvements to green space in this indicator as only its square meterage was recorded in another indicator.	NA	Project data that will evidence the number of neighbourhood improvements undertaken • Certificate of practical completion of the works.e.g. QS certification of works carried out. • Scheme drawings • Detailed works specification • Photographs before and after completion of the scheme
Number of organisations receiving non-financial support (numerical value)	Number of organisations receiving non-financial support	Number of organisations	Number of organisations receiving non-financial support with the intention of improving performance. Organisations here will either be: - The end beneficiary is the recipient of the award itself, for example, a local authority, higher education institute or an organisation representing specific sector who may be undertaking a feasibility study. - An organisation that is an end beneficiary and does not fit into the above description nor can be classified under the business output indicators, for example, a charitable organisation. - Non-financial support means business advice, guidance, mentoring and training. This must involve some form of direct interaction with members of the enterprises - in other words it cannot be broadcasted advice. Support may be on-going. - Improved performance means reductions in costs or increases turnover/profit.	NA	Project data that will evidence the number of organisations receiving non-financial support. • Name of organisation and details where possible. • Type of support provided.
Number of projects (numerical value)	Number of projects successfully completed	Number of projects	The number of individual projects completed in the last 6 month period. - Completed means that all project activities have been completed and all further contractual obligations have been met.	NA	Project data that will evidence the number of projects successfully completed. • List of local investment plan projects successfully completed. • Evaluation / project closure report, where appropriate.
Number of trees planted (numerical value)	Number of trees planted	Number of trees	Number of new trees planted by project. - Other than a nursery site, this does not include established trees being replanted from other sites.	NA	Project data that will evidence number of trees planted - • Evidence of location. • Photographs before and after completion of the scheme • Invoice to evidence number of trees planted
Number of adult numeracy courses run in a local area through Multiply (numerical value)	Number of adult numeracy courses run in a local area through Multiply	Number of courses	Number of adult numeracy courses run in a local area through Multiply. - Multiply is a new government-funded programme to help adults across the UK to improve their numeracy skills (i.e. the ability to recognise and apply maths concepts in all areas of life).	NA	Project data that will evidence the number of adult numeracy courses run in a local area through Multiply • Course name / content / register / number of times delivered.
Number of courses developed in collaboration with employers (numerical value)	Number of courses developed in collaboration with employers	Number of courses	The number of courses developed in collaboration with employers. - Employers mean any business, organisation, governmental department or non-profit organisation that can employ an individual. - Courses include but are not limited to lifelong learning; formal education; educational and/or vocational training activities.	NA	Project data that will evidence the number of courses developed in collaboration with employers • Course name / content / confirmation of collaborative employers.

Original Output Indicator	Updated Output Indicator for Reporting	Unit of Measurement	Definition	Notes	Suggested Evidence Requirements
Number of different cohorts participating in numeracy courses (e.g. learners in prison, parents etc) (numerical value)	Number of different cohorts participating in numeracy courses	Number of cohorts	<p>Number of different cohorts participating in numeracy courses.</p> <p>Cohort means the different groups (excluding any sub-groupings) of people set out in the interventions list:</p> <ul style="list-style-type: none"> - learners in prison, those recently released from prison or on temporary licence, - parents wanting to help children with their numeracy skills and their own progression, - those aged 19 or over and leaving, or have just left, the care system, - hardest to reach learners (e.g. those not in the labour market), - other people. <p>Numeracy courses focus on numeracy skills and the ability to recognise and apply maths concepts in all areas of life.</p>	NA	<p>Project data that will evidence the number of different cohorts participating in numeracy courses.</p> <ul style="list-style-type: none"> • Enrolment forms to evidence participant eligibility and cohort groups. • Record of participant engagement
Number of people participating in Multiply funded courses (numerical value)	Number of people participating in Multiply funded courses	Number of people	<p>Number of people participating in Multiply-funded courses.</p> <ul style="list-style-type: none"> - Multiply is a new government-funded programme to help adults across the UK to improve their numeracy skills (numeracy skills are the ability to recognise and apply maths concepts in all areas of life). 	NA	<p>Project data that will evidence the number of people participating in Multiply funded courses</p> <ul style="list-style-type: none"> • Enrolment forms to evidence participant eligibility. • Record of participant engagement.
Number of people achieving a qualification (numerical value)	Number of people achieving a qualification	Number of people	<p>Number of people who have completed a course or gained a qualification following Multiply funded support.</p> <ul style="list-style-type: none"> - Multiply is a new government-funded programme to help adults across the UK to improve their numeracy skills (numeracy skills are the ability to recognise and apply maths concepts in all areas of life). 	NA	<p>Project data that will evidence the number of people achieving a qualification following Multiply funded support.</p> <ul style="list-style-type: none"> • Copies of certificates or confirmation from awarding bodies / training provider.
Number of people referred from partners onto upskill courses (numerical value)	Number of people referred from partners onto upskill courses	Number of people	<p>Number of people signposted by other partner organisations to attend courses for improving their skills.</p> <ul style="list-style-type: none"> - Referrals are signposts made by partners to the relevant courses. - An upskill course is training that improves the skills of the individual attending. 	NA	<p>Project data that will evidence the number of people referred from partners onto upskill courses</p> <ul style="list-style-type: none"> • Referral form or equivalent. • Participant declaration of referral (enrolment form)
Number of people receiving support to gain employment (numerical value)	Number of people receiving support to gain employment	Number of people	<p>Economically inactive people, or people who have been unemployed, who are receiving support to be in employment, including self-employment, for at least a 2 week of a four week period following support.</p> <ul style="list-style-type: none"> - Economically inactive individuals are those not in work and not actively seeking work (unlike unemployed individuals who are actively seeking work). Not all economically inactive individuals claim benefits. For those that do, this would include those claiming either “legacy” benefits or those within specific conditionality regimes in Universal Credit (UC). The former here includes Employment Support Allowance (ESA), Incapacity Benefit (IB) and Income Support (IS). The latter here includes claimants within the Preparation Requirement or Work Focused Interview Requirement conditionality regimes (or equivalent for all of the above). There is no length of time on inactivity required. People count if they are 16+. <p>Unemployed as defined by the International Labour Organisation (ILO) are those:</p> <ul style="list-style-type: none"> - Without a job, have been actively seeking work in the past four weeks, and are available to start in the next two weeks. - Out of work, have found a job and are waiting to start it in the next two weeks. <p>Not all unemployed persons claim unemployment-related benefits. This is due to either not being entitled to claim unemployment-related benefits or choosing not to do so. Here, unemployment-related benefits is defined as those in receipt of Job Seekers Allowance (JSA) or are in the Intensive Work Search Regime within Universal Credit (UC).</p> <p>Employed individuals are people aged 16 and over who do one hour or more of paid work per week, or are temporarily away from work (e.g. because are temporarily sick or on holiday). This includes:</p> <ul style="list-style-type: none"> - Employees (permanent and temporary workers, the latter including those on fixed period contracts, agency temping etc.) - Self-employed persons - People on government-supported training programmes, engaging in any form of work, work experience or work-related training. - Persons on maternity or paternity leave 	NA	<p>Project data that will evidence the number of people receiving support to gain employment</p> <ul style="list-style-type: none"> • Enrolment forms to evidence participant eligibility. • Record of participant engagement.
Number of people receiving support to gain a vocational licence (numerical value)	Number of people receiving support to gain a vocational licence	Number of people	<p>Number of people who have received support in order to obtain a vocational licence.</p> <ul style="list-style-type: none"> - Vocational refers to training and qualifications giving professional knowledge, technical skills and work experience relevant to a particular career and occupation, e.g. car mechanics or cosmetology. - Vocational license is a document that recognises the individual as a qualified professional in a particular trade or business. 	NA	<p>Project data that will evidence the number of people receiving support to gain a vocational licence</p> <ul style="list-style-type: none"> • Enrolment forms to evidence participant eligibility. • Record of participant engagement.

Original Output Indicator	Updated Output Indicator for Reporting	Unit of Measurement	Definition	Notes	Suggested Evidence Requirements
Number of people retraining (numerical value)	Number of people retraining	Number of people	Number of people training in a different area after having already obtained a qualification or developing experience in a specific role.	NA	Project data that will evidence the number of people retraining • Enrolment forms to evidence participant eligibility. • Record of participant engagement.
Number of people supported onto a course through providing financial support (numerical value)	Number of people supported onto a course through provision of financial support	Number of people	Number of people able to attend a course due to receipt of financial support.	NA	Project data that will evidence the number of people supported onto a course through provision of financial support • Enrolment forms. • Record of participant engagement. • A copy of financial transactions to evidence transfer of funds.
Number of people supported to access basic skills (numerical value)	Number of people supported to access basic skills courses	Number of people	Number of people receiving support to attend courses aimed at improving their basic skills. - Basic skills include, but are not limited to: skills in English, Maths, Digital and ESOL (English to Speakers of Other Languages).	NA	Project data that will evidence the number of people supported to access basic skills courses • Enrolment forms. • Record of participant engagement.
Number of people supported to engage in life skills (numerical value)	Number of people supported to engage in life skills	Number of people	Number of people supported to engage in life skills. - Life skills support is additional support which improves confidence, resilience or motivation around the process of job searching and may include basic skills (English, Maths), digital skills, communication skills, presentation skills, activities which reduce social isolation or encourage appropriate employment related behaviours.	NA	Project data that will evidence the number of people supported to engage in life skills • Enrolment forms. • Record of participant engagement.
Number of people gaining a qualification or completing a course following support (numerical value) Number of people supported to gain a qualification or complete a course	Number of people supported to gain a qualification	Number of people	Number of people who have completed a course or gained a qualification following support.	NA	Project data that will evidence the number of people supported to gain a qualification • Enrolment forms. • Record of participant engagement.
Number of volunteering opportunities supported (numerical value)	Number of volunteering opportunities supported	Number of opportunities	Number of organised volunteering roles supported as a direct result of the intervention. This includes opportunities for people to volunteer on a regular basis, and opportunities for one-off volunteering. - Formal volunteering refers to those who have given unpaid help via a group, club, or organisation: for example, leading a group, administrative support or befriending or mentoring people.	NA	Project data that will evidence the number of volunteering opportunities supported - • Declaration by group, club, or organisation providing details of support.
Number of businesses receiving financial support other than grants (numerical value)	Number of enterprises receiving financial support other than grants	Number of enterprises	Number of enterprises having received financial support other than grants. - Enterprise means a sole trader, micro business, small and medium-sized enterprise, or large business. It also includes social enterprises where these engage in economic activity. - Non-grant financial support means loans, risk finance, financial investment from the project that is repayable or confers equity in the enterprise.	NA	Project data that will evidence the number of enterprises receiving financial support other than grants • An offer letter to the enterprise documenting the amount of funding, the purpose of the funding and any conditions imposed. • A copy of financial transactions to evidence transfer of funds.
Number of low or zero carbon energy infrastructure installed (numerical value)	Number of low or zero carbon energy infrastructure installed	Number of units	Number of low or zero carbon energy infrastructure units installed/completed. This may be within existing residential units, non-domestic buildings or other. - A residential unit means a home to a 'household', defined in the 2011 Census as being: 'one person living alone; or a group of people (not necessarily related) living at the same address who share cooking facilities and share a living room or sitting room or dining area'. This includes houses, bungalows, flats, and maisonettes. - A non-residential building means any building that is not used permanent or semi-permanent accommodation. This includes, but is not limited to, hospitals, universities, hostels, hotels, retail, and offices. - Low or zero carbon energy infrastructure means any improvements to the units that reduce energy demand, promote the diversification of energy sources, or drive more appropriate use of energy. - Completed means physical completion of the low or zero carbon energy infrastructure and the space is ready for occupancy immediately.	Places should maintain an understanding of the individual contribution of 'residential units' vs. 'non-domestic buildings' vs. 'other' where relevant, so that the indicator can be disaggregated if required.	Project data that will evidence the number of low or zero carbon energy infrastructure installed • Addresses of the properties that have received support • Evidence of energy efficiency measures carried out. • An Energy Performance Certificate (EPC) assessment and a copy of the final EPC.

Original Output Indicator	Updated Output Indicator for Reporting	Unit of Measurement	Definition	Notes	Suggested Evidence Requirements
Number of businesses engaged in new markets (numerical value)	Number of enterprises engaged in new markets	Number of enterprises	Number of enterprises engaged in new markets following support. - Enterprise means a sole trader, micro business, small and medium-sized enterprise, or large business. It also includes social enterprises where these engage in economic activity. - Engaged means they have launched a product or service into a new domestic or overseas market, or have undertaken research or attended conferences or events to prepare a launch into a new market. - New market refers to a market the business has not previously engaged with.	NA	Project data that will evidence number of enterprises engaged in new markets • Documentation to confirm details of product/process/service, which could include marketing information or literature. • If product has not progressed to market, the enterprise should provide information on the status of the product
Number of businesses receiving grants (numerical value)	Number of enterprises receiving grants	Number of enterprises	Number of enterprises that have received grants. - Enterprise means a sole trader, micro business, small and medium-sized enterprise, or large business. It also includes social enterprises where these engage in economic activity. - Grant means a cash payment by the project that is not repaid.	NA	Project data that will evidence the number of enterprises receiving grants • An offer letter to the enterprise documenting the amount of grant funding, the purpose of the funding and any conditions imposed. • A copy of financial transactions to evidence transfer of funds.
Number of commercial buildings developed or improved (numerical value)	Number of commercial buildings completed or improved	Number of buildings	The total number of new commercial buildings completed or improved. Commercial buildings include, but are not limited to: retail, hospitality, office and industrial buildings. - A retail building means a fixed location for the display or retail sale of goods or services. Examples include, but are not limited to: supermarkets, shops selling clothing, electronics, furniture, books, etc. - A hospitality building means a space whose primary purpose is for accommodation or food service. Examples include, but are not limited to: restaurants, cafes, pubs, bars, catering, hotels, campsites and other accommodation. - Office building means a fixed location where the primary activities are concerned with financial services, professional services (other than health or medical services), or any other appropriate services in a commercial, business or service locality. - Industrial building means space used for industrial processes, storage or distribution. - Other commercial buildings mean non-public or community spaces that do not fall into the categories above. - Completed means physical completion of the facilities and space is ready for occupancy immediately. A building should be classified as complete once it is on the non-domestic rating list. - Improvement means adding, renovating or repairing facilities with the aim of creating a better space. It does not include maintenance of existing facilities.	Places should maintain an understanding of the individual contribution of different types of buildings (retail, hospitality, etc.) as well as 'completed' vs. 'improved' buildings where relevant, so that the indicator can be disaggregated if required.	Project data that will evidence the number of commercial buildings completed or improved - • Certificate of practical completion of the works.e.g. QS certification of works carried out. • Photographs before and after completion of the scheme
Number of local markets supported (numerical value)	Number of local markets created or supported	Number of markets	Number of local open air markets created or supported. - Created means the market did not previously exist. - Support may include capital costs to improve the attractiveness or viability of a market, or create new market infrastructure in a new location. - Support may also include revenue costs to assist stallholders (and adjacent businesses) to develop and grow. This may include business support and events.	NA	Project data that will evidence the number of local markets created or supported - Name and address of market. Evidence can include - • Capital costs (Infrastructure) - Works specification / photographs before and after completion of the scheme • Revenue costs - Detail of events (example evidence can include marketing materials, literature, website, social media) / detail of business support provided.
Number of people attending training sessions (numerical value)	Number of people attending training sessions	Number of people	Number of people attending training sessions. -Training sessions include, but are not limited to: training focusing on digital, management, leadership, collaboration, networking and lower-carbon alternatives skills.	NA	Project data that will evidence the number of people attending training sessions • Enrolment forms. • Record of participant engagement / attendance log.
Number of potential entrepreneurs provided assistance to be business ready (numerical value)	Number of potential entrepreneurs assisted to be enterprise ready	Number of entrepreneurs	Number of entrepreneurs having been assisted to be enterprise ready. - Entrepreneurs mean individuals aged 16 and over currently in employment, unemployed or economically inactive with an interest in exploring creating their own business. - Assistance means business advice, guidance, mentoring and training. This must involve some form of direct interaction with members of the entrepreneurs, in other words it cannot be broadcasted advice.	On "enterprise ready" - the unit of measurement is the individual (potential entrepreneur), not whether they actually go on to start a business.	Project data that will evidence the number of potential entrepreneurs assisted to be enterprise ready. • Name of potential entrepreneur and details where possible. • Type of support provided.

Original Output Indicator	Updated Output Indicator for Reporting	Unit of Measurement	Definition	Notes	Suggested Evidence Requirements
Number of properties better protected from flooding and coastal erosion (numerical value)	Number of properties better protected from flooding and coastal erosion	Number of properties	Number of properties with a reduced likelihood of flooding as a result of the project. - Properties include, but are not limited to: private homes and enterprises/businesses.	NA	Project data that will evidence the number of properties better protected from flooding and coastal erosion - <ul style="list-style-type: none"> • Scheme drawings • Detailed works specification • Photographs before and after completion of the scheme
